

TURCO ATD - LIQUID

LIQUID ALL-PURPOSE TOILET DEODORANT

Description

Turco ATD-Liquid is a blue, pleasant smelling liquid, designed to be mixed with water to retard the formation of odor in chemical toilets.

The color indicator used in Turco ATD-Liquid retains its blue color during operation and permits quick inspection to assure toilets have been serviced. Turco ATD-Liquid is non-corrosive to metals and plastics normally used in chemical toilets.

Features

Turco ATD-Liquid offers these features:

1. Free of formaldehyde, phenols, chromate and heavy metals.
2. Readily mixable with water at recommended concentrations.
3. Pleasant odor in package and solution form.
4. Packaged in convenient, plastic containers for ease of handling and dispensing.
5. Used at low concentrations.
6. Complies with California Health Regulations for chemical toilet additives.

Use instructions

Recommended concentration: 2 - 4 ml/l calculated on the total volume of the holding tank. In those cases where there is a strong indication for epidemics like cholera, typhus or paratyphus, use 5 ml/l, thus making sure that all germs are killed within 5 minutes.

Disposal information

Dispose of spent solution in accordance with local, state and regional regulations. Refer to your Turco Material Safety Data Sheet for additional disposal information.

Warning:

Causes eye irritation. May cause skin irritation. Harmful if swallowed.

Turco ATD-Liquid contains quaternary ammonium compound. Avoid contact with eyes, skin and clothing. Do not take internally. Use with adequate (equivalent to outdoor) ventilation.

When any possibility of skin or eye contact exists, adequate protective clothing, such as a chemical face shield or goggles, gloves, apron and boots, made from impervious materials, such as plastic or rubber, should be worn when using and handling this product.

Before using this product, refer to container label and Turco Material Safety Data Sheet for additional precautionary, handling and first aid information.
